 [Viga Toys](#)

2023 - 2024

As a responsible toy manufacturer, VIGA upholds its commitment to society and environment to benefit future generations.

We gained the FSC Chain of Custody Certification from the Forest Stewardship Council (FSC). This certification is granted to companies that source wood from well-managed forests. A certified company is also audited for its inventory, manufacturing practices, sales, invoicing and record-keeping procedures.

A big range of VIGA toys are made of FSC wood, which we are very proud of. Please refer to FSC symbol near the product picture in this catalogue.

We make toys, create happiness, educate our kids for skills also for awareness of protecting our Earth.

VIGA

* What is VIGA

VIGA is a wooden toy brand registered in 2003, which is aimed to offer high level wooden toys to children all over the world. Toy safety is our first consideration. All VIGA toys are compliant with EN71 European toy safety standard, ASTM American toy safety standard and GB6675 China toy safety standard. Educational function is the label for VIGA toys. Play with VIGA, learn from fun.

Our toys are now distributed in more than 65 countries around the world, including Europe, America, the Middle East, Japan and Australia. They are highly recommended by school teachers and loved by parents & kids.

VIGA as a toy brand commits to SAFE, NATURAL, EDUCATIONAL and FUN. Our vision is to make VIGA one of the most beloved toy brands in the world.

* Our Mission

Our mission is to make happiness for children. The research shows the important link between playing and learning in children's early years. But today, lots of children do not play enough because of the distractions of smart phones and computers.

We concern how to help parents to raise their kids as children should be, so that we push our mission a step forward to rescue children from the virtual world, which might confuse them in a large extent.

*** Play with VIGA, learn from fun.**

We believe playing is learning. VIGA toys are designed not only for fun but also actually more for learning and education. Each VIGA toy contains multifunctional aspects of educational purpose which are symbolized on this catalogue near the product pictures as well as on the product packaging.

Please pay attention to these meaningful and useful symbols which is the real value of VIGA toys for children.

Wall Activity Panel

VIGA Wall Activity Panels are designed for public spaces, such as kindergarten play rooms, play corners in supermarkets or airports, and waiting rooms in hospitals. Children can not only play for fun but also learn a lot, such as basic ideas of colours, shapes, sounds, alphabet, numbers and basic life skills. Most importantly they can learn sharing toys and spaces with others and improve their social ability.

- *This rainbow wall toy includes 12 activities: turning gears, weather board, rolling disc, matching shape blocks, xylophone, concave and convex mirror, gong, and wire beads with a flipper.
- *The weather board is specially designed to match the rainbow theme. The turning panel of seasons can be explored in conjunction with the weather change and temperature fluctuations.
- *Divided into 5 parts for easy transport and installment. All 5 parts are of the same size, so you can assemble them in any order.
- *The curved design welcomed children of all heights to play at the same time, and to learn basic ideas of colours, shapes, sounds, and weather.
- *Perfect addition to early learning environment and childcare centers.
