ABOUT US

About Masterkidz

Masterkidz Toys is committed to providing kids with quality wooden toys that are ethically sourced, educational, durable and safe! Over the years, we have evolved into an internationally well-respected brand for premium wooden toys. We are steadfast in our commitment to provide high quality toys full of playfulness and educational value.

Product Philosophy

We believe all kids should be provided with age-appropriate and rewarding playthings during their childhood. After all, this is a vital chapter in life when learning and enjoying creative and imaginative play is so important. We also believe in "Skinship", where children learn through imaginative play and interaction with family and friends with the least interference from screens. With this at the forefront of our design, we manufacture the finest kid-powered, screen-free wooden toys every family can enjoy.
